{  
  "swarm_name": "Social Media Marketing Swarm",  
  "rules": "1. Each agent must focus on a specific social media platform or marketing strategy. 2. Agents must collaborate and share insights to optimize overall campaign effectiveness. 3. Agents should report their progress and any challenges encountered. 4. All marketing content must include the link to the new SpreadSheet Swarm feature documentation.",  
  "plan": "The goal is to promote the new SpreadSheet Swarm feature across various social media platforms, leveraging each platform's unique strengths and audience. The plan involves creating specialized agents for each major social media platform and marketing strategy, ensuring comprehensive coverage and engagement.\n\n1. Create agents for major platforms: Twitter, Facebook, Instagram, LinkedIn, TikTok, YouTube, Pinterest, Reddit, Snapchat, and Quora.\n2. Each agent will be responsible for creating, scheduling, and managing content tailored to their platform's audience.\n3. Agents will utilize platform-specific tools and analytics to optimize performance and engagement.\n4. Regular updates and feedback loops will be established to refine strategies and improve outcomes.",  
  "task": "Promote the new SpreadSheet Swarm feature on various social media platforms, ensuring widespread awareness and engagement.",  
  "agents": [  
    {
